FAQ

1. What is Wrapped?

Letterboxd Wrapped is a data visualization storyboard for Letterboxd users.

2. What devices are supported?

We are desktop only at the moment.

3. I recently created a Letterboxd account. Will Wrapped work for me?

You should still be able to receive a Wrapped if you have at least one film rated, but the more the merrier.

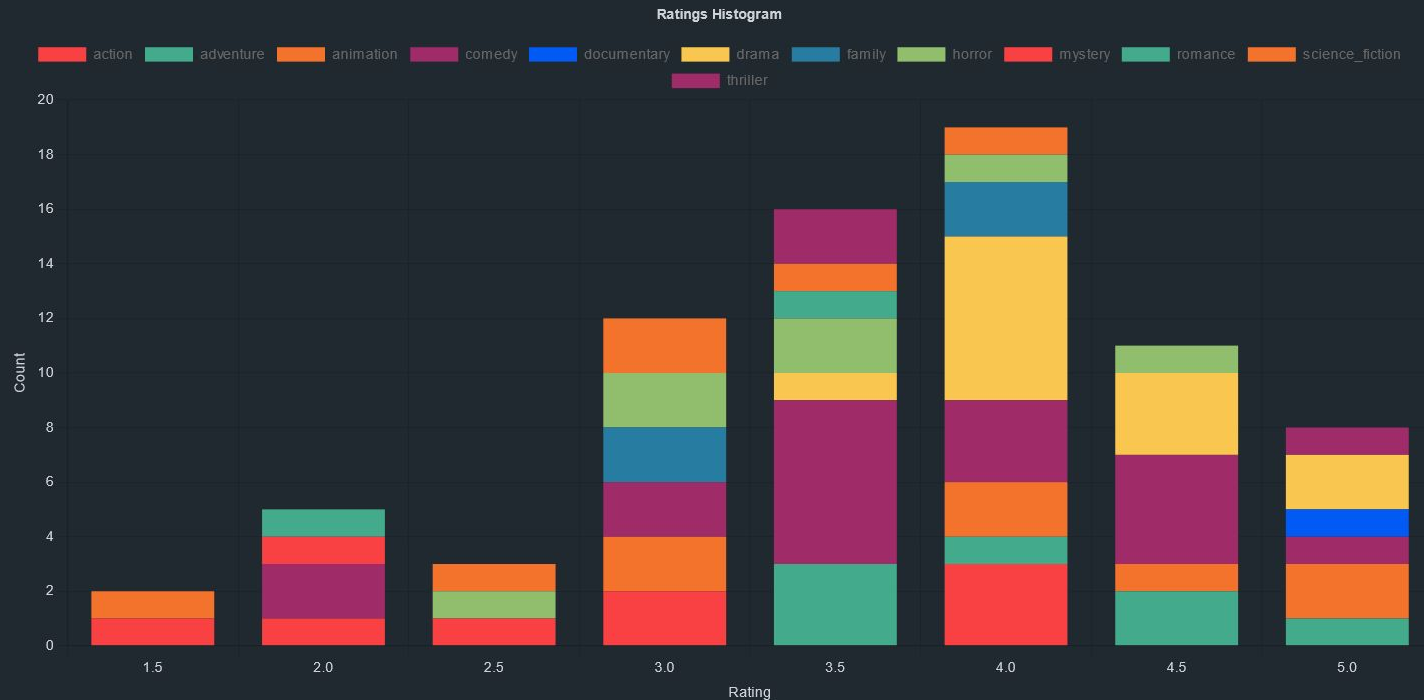

4. How is my data stored?

Your data is stored securely on the cloud to make summaries and film recommendations. No personally identifiable information is collected or shared with third parties.
